CLASSROOM 13-INCH TALL PRIVACY SHIELD WHITE

Classroom 13-inch Tall Privacy Shield
White 20 / Pack
For effective classroom operations, the desktop privacy shield builds security and accountability into your classroom culture.
During independent daily work periods, quizzes, and tests, these simple trifold shields boost focus and improve learning. Teachers, testing coordinators, and libraries have used privacy shields for years because they've witnessed firsthand how useful they can be. These low-cost, high-impact products can create instant quiet and focus in large classrooms and testing centers. For standardized tests or everyday assessments, accuracy is important. By reducing cheating scenarios, teachers can be sure that their student learning data is accurate. This helps teachers track progress, design supplemental lessons, and improve student learning. Lastly, each durable cardboard shield folds flat for easy storage when not in use.
