PRODUCT DESCRIPTION

Viro-Stat RTU 32 oz. Surface Disinfectant Spray

Made in USA

FEATURES

- 1 - 10 minutes kill time.
- Ready-to-use disinfectant, cleaner, bactericide, fungicide, mildewstat, virucide and deodorizer.
- Can be used to kill odor-causing bacteria and fungi during water damage restoration.
- VOC compliant.
- EPA Registration Number: 6836-152-11547

VIRO-STAT RTU is a ready-to-use disinfectant effective against a broad spectrum of pathogenic organisms. EPA registered as a cleaner, fungicide, mildewstat, virucide and deodorizer, it is especially useful for general cleaning and disinfecting in nursing homes, hospitals, schools, veterinary clinics, and other institutions to help control the spread of infectious diseases as well as control odors in areas that are hard to keep smelling fresh. For a powerful, ready-to-use disinfectant that provides effective,

one-step hard surface cleaning, deodorizing and disinfecting, use VIRO-STAT RTU from Share.
